

# CompComp 2015

2015 was the first year of CompComp and the initial expectations were modest. The jury were pleased to receive 46 songs in total and many of these were so good that narrowing them down was a surprisingly difficult task. The prize concert was held at Kino Šiška on the 30th of January 2016. The winners performed their songs in collaboration with jury members. You can see the whole show on [YouTube](#).
